

WANT TO HELP STUDENTS WORKING FROM HOME?

We're offering mobile HotSpots on your school buses so your students can continue their studies with free wifi!

Park a bus in a neighborhood and allow kids to get access to their lessons online!

Buswest has custom solutions available for installation on your buses.

*We have solar panels available to maintain the buses batteries while the bus is parked.
No need to worry about power cords or charging!*

Each bus can support:

- Up to 128 devices
- Up to 1Gbps total network bandwidth, when supported by the cell carrier
- Support plans from 1 to 5 years
- Most major cell providers supported
- Totally open access to strict limited access. Your choice!
