

TIRED OF DEAD BATTERIES? USE THE SUN!

WE'VE GOT SOLAR PANELS AND GEAR FOR YOUR SCHOOL BUS

BusWest roof mounted panels are great for the following:

- Basic Battery maintenance
- Wi-Fi Routers
- Video Systems
- Alarms

These systems can continue running without the need for personnel to check and start the bus regularly.

We also have the required solar controller to properly maintain the voltages of the batteries so they don't overcharge.

Hundreds of systems in use, years of experience, and great pricing!
